RE: Change of Correspondence Address Application

Application #: 10/799,720
Inventor: Stephen Hole, New York, NY

#Pages (Total): 2

.....

Dear Mr. Sensenig:

In an effort to check the status of my patent application, I have periodically (over the past several years) checked the online status. I recently noticed that there has been a review but an attempt to deliver the results was returned. Please see attached Change of Address Correspondence with my current address/contact information of:

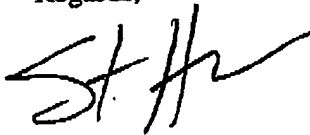

Steve Hole
240 E Houston St., #5D
New York, NY 10002
212.533.3773 - C
stevchole@gmail.com

Additionally, if the "Univensity Solutions" (should have been University Solutions) can be completely removed, that is fine also.

Finally, I have contacted my patent attorney to review and would like to ascertain the resubmission/turnaround deadline given I just received this information.

Thank you in advance and I'll look forward to our continued discussions.

Regards,

Steve Hole
